INTERIM MANAGERS

People are the key strategic resource in an information-based, knowledge-intensive service- driven economy. We believe that tomorrow's management team will be based on a lean, highly skilled core, drawing on additional skills when needed. **PERSPECTIVE** provides corporations with some of the most advanced outsourcing tools available. e.g.: Interim Management - the leasing of a manager for a defined period of time to fill unexpected gaps in a company or oversee a project.

Under our motto "Competitive Advantage through People", **PERSPECTIVE** has identified Interim Managers across all disciplines including Production, Finance, Sales and Marketing, IT, Supply Chain Management and Human Resources.

Whatever the size or sector of your organisation, the Interim Managers we identify, are accustomed to moving into challenging situations or unfavourable business environments to provide immediate solutions.
